Showers tonight and Wednesday.

Forecast for Utah, made at Denver, Colo.:

Rain tonight and Wednesday.

## TODAY'S TEMPERATURE.

1 a. m., 42; 11 a. m., 45; 12 o'clock noon, 46; 1 p. m., 47.

# THE CHRISTMAS NEWS

## FOR 1901.

### A UTAH-COLORADO EDITION.

The Christmas edition of the "News" this year will be printed on Saturday, December 21st, 1901. It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compilation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many beautiful views of Denver and Colorado scenery being given. A big part of the edition will be circulated in Denver, and Colorado's principal cities.

Especially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute timely articles on current topics.

As the holiday number will be issued several days ahead of Christmas, it will form an invaluable advertising medium to local dealers for the Christmas trade. The general advertiser could find no better means for reaching the people of the great West. The "News" will be a circulation of at least 20,000 copies for the Christmas issue. Special rates will be accorded advertisers who wish their notices printed in the Semi-Weekly News as well, giving them a total circulation of nearly 45,000 copies.

## Today's Metals.

SILVER, Bar, 54 cents  
LEAD, \$3.90  
CASTING COPPER 15 5-8 cents a lb.

## LOCAL BRIEFS.

The second edition of Talmage's "Articles of Faith" will be out on Saturday, and on sale at the Cannon Book store.

Mrs. Mary Arnold of Rexburg, Idaho, is at St. Mark's hospital suffering from an operation which she underwent yesterday afternoon. She is, however, on the fair road to recovery.

Edward Boyle, the hapless miner who was injured in the Yale mine, near Park City, on Sunday, is at the Holy Cross hospital trying to save his eyesight. He has already lost one hand as the result of the accident.

City Engineer Kelsey began today to set stakes for the ditches to carry the flood water from both forks of Parley's canyon. The small ditches to run westward from the south fork, near the highway house, will be begun first.

The President's message was read in Washington at 12 o'clock today. At 10 o'clock Salt Lake time. A few minutes past 10 newshounds were crying "Deseret News extra" on the street; neither of the other papers issued a special edition.

Mr. and Mrs. Harry Schaefer express their heartfelt thanks for the tokens of sympathy shown them from the many friends on the occasion of the death and funeral of their beloved son. They appreciate especially the generous feeling of Bishop Warburton of the First ward, in sending part of the ward choir and several elders to conduct the funeral services.

There has been filed with the county recorder a release of judgment for \$162,000 from the Utah National bank of Ogden to the Salt Lake Gas and Electric Light company. This is the last act of a prolonged series of litigation which ended some years ago, but the filing of the release had been neglected until yesterday. The Utah Gas and Electric Light company holds the property owned by the old company.

\$1.00 will start a bank account. Zion's Savings Bank & Trust Company, No. 1 Main street, will furnish you free of cost a small steel savings bank. Helps you save small amounts, 4 per cent interest allowed on \$1 to \$500. You have the bank, we keep the key.

UTAH COMMERCIAL AND SAVINGS BANK  
Interest paid on savings, W. F. Armstrong, president, E. W. Madsen, vice-president, J. E. Caine, cashier.

## UTAH COAL.

Castle Gate, Sunnyside, Winter Quarters, and Clear Creek lump and all kinds in hut. Anthracite, all sizes. 73 South Main street. Telephone 429. D. J. SHARP, Agent.

Patrols Stores That Display "We Give Trading Stamps" (signs.)

# E. H. HARRIMAN'S SECRETARY HERE

Alex. Millar, Wife and Party Spending Couple Days in City.

## RECITAL AT TABERNACLE.

Arrives From the Coast in President H. G. Burr's Painted Car—His Visit in Recreation.

Alexander Millar, secretary of the Harriman lines, accompanied by Mrs. Millar and a party of New York and Boston friends, arrived yesterday in this city, in the Union Pacific private car 100, the finest private car owned by the company, and are at the Knutsford. Mr. Millar protested that he was not on the trip for any business purpose except for the business of recovering his health which has been impaired by too long and constant application to the arduous duties of his office. So three weeks ago Mr. Harriman told him to "take a day off," and indulge in a little run across the continent with his friends, and ordered out the private car for his special accommodation. Mr. Millar went west over the southern route, and is now returning east over the Rio Grande from southern California, in whose mild climate he found much relief. Mr. Millar has given no thought or care to mental effort beyond such as might be necessary to take in the beauties of nature and accept the kindly attentions of friends and acquaintances of whom Mr. Millar has many in different parts of the country. Mr. Millar and party were about town this morning, and he remarked that they left the depot wearing at Portland and found them in a similar mood in Salt Lake. He expressed great pleasure with his trip and said he felt a great deal better for the rest and change. Walter Anderson, Mr. Burr's private secretary, escorted the visitors about town and arranged for a private car recital this afternoon in the Tabernacle. They resume their eastward journey this evening.

## \$200,000,000 IN IT.

### Norfolk & Western to Acquire Pocahontas Coal and Coke Co.

New York, Dec. 3.—The Herald says that announcement will soon be made by the Norfolk and Western railroad that its management has concluded a deal for the acquisition of the Pocahontas Coal and Coke company, the recently formed \$40,000,000 combination owning extensive bituminous lands in Virginia, along the line of the railroad. Through a projected subsidiary company the Norfolk & Western will then control over 300,000 acres of coal lands.

Approximately over \$20,000,000 will be involved in the deal, which it is proposed to cover with a bond issue to that amount by the railroad.

## BIG DEAL PENDING.

### New Move in Proposed Lines Between United States and Mexico.

South McAlester, I. T., Dec. 3.—It is reported on reliable authority that the H. Clay Pierce syndicate, which owns a controlling interest in the St. Louis & San Francisco railroad, the Port Worth and the Rio Grande, the Mexican Central and the Monterey and Mexican Gulf railways, is negotiating with A. E. Stillwell and associates for the completed track and grade and concessions held in Mexico of the Kansas City, Mexico and Orient railroad company. If the deal is consummated the Pierce syndicate will, it is said, abandon that part of the proposed Kansas City, Mexico and Orient which runs from Texas to Kansas either Junction City or Muskogee, Texas, to Sierra Mojada, in the state of Chihuahua, Mexico, where connection will be made with the Mexican Northern, which runs from Sierra Mojada to Escalante, on the Mexican Central.

The Chihuahua and Pacific, which runs from the city of Chihuahua to a point about 120 miles west toward the Pacific slopes, has been purchased by the Pierce syndicate and will be made a division of the "Frisco" system.

## NEW ELECTRIC DEVICE.

### Denver Man Solves the Problem of Lighting Railroad Trains.

A new electrical railroad wonder has been devised in Denver by D. C. Henry, head electrician of the General Electric company, here of which General Eugene Hale, is the local manager. The mechanism is a compact affair of steel weighing 600 pounds and is fastened to the floor of a railway car, where it is connected by a cable with the nearest axle by a suitable gearing. The revolutions of the axle turn the mechanism and electricity is generated by a series of magnets, which, in an hour, and run into storage batteries. Through these the current runs through a regulator and is distributed through the car for use in lighting. The device is electrically self-contained. Trips were made the other day in the new car equipped with the new dynamo and it worked all right. A. Henry claims to have organized to manufacture the invention, and in claim that it will supersede the Pintsch gas scheme as it does away with the element of danger from explosion and fire, which often happens in works where the Pintsch gas tanks are in use under the cars. The Henry apparatus is entirely automatic, requiring no more attention than any other part of the car.

A push-button in charge of the brakeman will set it in operation whenever desired.

## Short Line Will Give It Trial.

Superintendent Dunn of motive power of the Short Line is favorably impressed with the new friction gear device shown him yesterday, by former Manager Beeston of the Pullman company, and will give the gear a trial on his cars. Mr. Dunn remarked this morning that the rubbing and yanking that have been subjected to is a marked factor in the wear and tear, and the action of the friction blocks in reducing the shocks ought to prove a most desirable thing.

## Chicago's New Union Depot.

Plans for the fine new union station of the Rock Island, Nickel Plate and the Lake Shore road in Chicago have been completed, and work begins this morning, the building to be completed January 1, 1902, at a cost of \$2,000,000. The new station will be, it is claimed, the largest in Chicago and one of the largest in the United States, consisting of one block between Van Buren, Harrison, Pucelle and Sherman streets. Dressed granite will be used to the third floor, with vitreous brick and terra cotta for the remainder of the upper part. The great station will have a main vestibule 50 feet long, a lobby 90x100 feet, with the main waiting room on the second story and

having a glass partition facing the trains. The train shed will be of steel, concrete and asphalt. It will have the street level and having eleven tracks. For eight miles out, the tracks of the Rock Island and Lake Shore are elevated above the city and midway crossing thus securing quick running with ease and safety.

## SPIKE AND RAIL.

D. R. Gray is on a Los Angeles trip. Mr. Kidd of the Rio Grande has sent his high bred colts to Pennsylvania for exhibition.

Assistant General Traffic Manager S. H. Lashcock of the Rio Grande lines, is down the road on business.

George Gould and party are at Galveston on an inspection tour of the line controlled by the Gould interests.

The San Pedro and Empire construction companies continue their adjourned meetings from day to day with emphatic regularity.

General Agent Walker of the Northwestern received word this morning from Chicago that his train has just completed new lines in Illinois and Iowa aggregating 300 miles in length.

Governor Van Zandt and Attorney-General Douglas of Minnesota, have decided to institute legal proceedings against the Northern Pacific combine, papers are in process of preparation.

The Short Line is to build a warehouse at Mackay where a station has already been erected. Trains are running from Blackfoot on Mondays, Wednesdays and Fridays, returning from Mackay the following days.

Vice-President Bancroft and General Superintendent Calvin went north last night on a trip over the Salmon river railroad. While away they will look further into the feasibility of extending the branch into the Thunder Mountain country.

Railroad surveyors are running lines from Grand Encampment to some point on the Union Pacific and people in that section are sitting up nights guessing what all means. Boston capital is reported as backing the scheme.

Senator Clark and Tom Walsh who are both in Washington, deny with unctious the story hatched by the Denver Post that they, in company with the Rock Island road, were proposing to build a new transcontinental line east of Salt Lake, in order to deny the Harriman lines.

The San Pedro is in the market for three million ties, according to the Los Angeles papers, and large quantities of ties are now being received by the road from Puget Sound. If the big order is given the road will have enough from that alone to lay over 300 miles, figuring on 3,500 ties to the mile.

Revenge in sweet and Charles M. Hayes, late president of the Southern Pacific is credited by the New York papers of intending to get even with the Harriman crowd for the way he was treated by the Harrimans in the transcontinental line of his own. He proposes to make close connections between the Grand Trunk road of which he is the general manager, with Wisconsin Central, Duluth, Missabe & Northern, and the Canadian Northern. This would affect also the Canadian Pacific.

There is a cut rate war on in great earnest between the Midland Terminal and the Florence and Cripple Creek roads, and the country merchants are complaining loudly because it hurts their Christmas trade. People are taking advantage of the war to run to Denver, Pueblo and Colorado Springs to get their Christmas trading, leaving the merchants of the mountain towns out in the cold. The local railroad managers, however, are powerless as the fight is being managed from the New York end.

## FINANCES OF STATE.

### State Treasurer Dixon Submits His Report for November.

State Treasurer Dixon has submitted his report for the month of November to the auditor, which shows the condition of the State treasury to be as follows:

Balance on hand Oct. 31.	1901	\$104,888.78
Receipts from all sources during the month		149,838.28
		\$254,727.06
State warrants redeemed		\$6,038.35
		\$159,688.71
The above balance is distributed in the various funds as follows:		
General fund		\$28,397.45
Trust fund		\$6,721.34
School lands		\$4,019.59
University lands		1,785.84
Agricultural College lands		474.02
State asylum lands		2,499.92
Institution for Blind lands		377.67
Miners hospital lands		1,392.73
Normal school lands		1,277.47
Reformatory lands		1,081.72
Deaf and dumb asylum land		234.27
Reformatory school land		583.03
School of Mines land		424.31
Suspense		8.81
		\$159,688.71

Held & Co. have moved their insurance office to Cullen Hotel.

## HOTEL ARRIVALS.

The Knutsford—J. G. Montford Jr. and wife, Cincinnati; A. A. Wendell, New York; S. D. Canfield, Sheridan, Wyo.; Earl D. Babst, Detroit; D. J. Kane, James Coffey, New York; L. K. Greenbaum, Louisville; Howard W. Berry, Melbourne; W. E. Wisner and wife, Toronto.

The Kenyon—C. E. Elliott, Atchison; Rev. N. H. Barnes and wife, Provo; P. J. Gram, Chicago; L. R. Davis, A. G. Horn, C. P. Johnson, Ogden; R. E. Galvin, Denver; J. E. Moore, L. E. Elliott, B. S. Sprague, Pocatello; Aquila Nebeker, Arizona.

The Cullen—Joseph Covert, Milford; Robt. Fallon, Phoenix; E. Wilder, Denver; C. S. Carter, Vernal; J. Smith and wife, Evansville; Jno S. Rollo, Richmond; Mrs. A. A. Richter, Ogden.

The Way—A. Ballinger, Price; J. L. Burgess, Wichita; John Atchenson, Tropic; R. W. Rogers, Bingham; W. N. Pike, Mrs. M. B. Pike, Miss A. S. Pike, Miss C. Hynde, St. Paul.

White House—Geo. Dunbar, Logan; Lewis Merriam, A. A. Wendell, Jno. Holmgren, Bear River; Jno. Noko and wife, Addie Cullen, Boise; Albert Harrison, Mammoth; W. J. Wiley, Denver; J. H. McCreary and wife, Silver City; N. E. Holland and wife, Mrs. Twint, Youngstown; O. J. Merwin, Grantsville.

## NEW CANCER CURE.

Infused Leaf Leaves as a Remedy for Breast Disease.

Cancer alone among diseases has increased with civilization, and has defied every medical effort to cure. Professor Roswell Park, of New York, recently declared that if the present relative death rates are maintained during the next year "there will be more deaths from cancer alone than from consumption, smallpox, and typhoid combined."

This summer King Edward prom-

# PRIZES FOR THE 'CHRISTMAS NEWS.'

The Deseret News offers the following cash prizes for contributions to its Christmas edition to be issued Saturday, Dec. 21, 1901.

First—\$50 for the best Christmas story, not to exceed 5,000 words, (about seven columns of the "News" type).

Second—\$25 for the best Christmas poem, not to exceed 1,500 words.

All contributions to be in the "News" office not later than Dec. 3rd, 1901. Nothing received later than that date will be considered. Contestants are requested to sign their contributions with an initial letter or nom de plume, to conceal their identity, and to forward in separate envelope securely sealed, their real names and the initial or the nom de plume appended to their articles. On the outside of the envelope should be written "Proper name of—" (here indicate the initial or nom de plume used.) All members of the "News" staff will be excluded from the contest. The awards for the story and the poem will be made by competent judges to be announced later.

Read the highest honors to the man who would discover a cure. The judge from this cause of Lady Margaret Marston, sister of the present Earl of Romney, a remedy has been found, not by scientific research, but in an old wife's cure. "Onlooker" gives the details of the story.

Lady Margaret Marston, who is sixty-seven years of age, was for four months ill from an affection of the throat, which the doctors pronounced cancer. This diagnosis was supported after analysis by a London specialist, the analysis being made at the laboratory of the Royal Cancer Hospital. Lady Margaret became so bad that her throat nearly closed up, and she was not expected to live. The patient, however, was not artificially administered, and her death was expected in a week.

At this point a neighbor, the daughter of an old friend, Lady Mary Ross, recalled a story she had heard from a child that the cure, as related by an infusion made from violet-leaves. It was not expected that this would cure, but only relieve the pain. Lady Anne Marston, sister of the patient, obtained the recipe, as a forlorn hope determined to try it.

This recipe was exceedingly simple, and ran as follows: "Take a handful of fresh green violet leaves and pour a pint of boiling water upon them, cover them and let them stand twelve hours, until the water is discolored and green. Then strain off the liquid, dip a piece of lint into the infusion, of which a sufficient quantity must be warmed. Put on the wet lint wherever the malady is. Cover the throat with this mackintosh, and change it whenever dry or cold. The infusion should be fresh about every alternate day."

The effect was, in Lady Anne's words, "almost like a miracle." Relief was immediately obtained. A large, hard external tumor disappeared in a week. All pain ceased, and the cancerous growth in the tonsil disappeared in a fortnight.

The apparently dying woman is now in good health and able to travel and visit her friends. The most striking fact about this story is that there can be no possible doubt of the disease really being cancer. Many alleged cures on other cases have been ignored because there has been a doubt on this point.

Lady Anne Marston, writing on November 6, said: "The marvelous fact that the remedy should have come just in time, as at the time it was begun (Lady Margaret) could hardly speak or swallow, and was not expected to live a week. There is no doubt of its being a case of cancer or the correct name is, I believe, 'epithelioma'—and the specimens taken from the throat have been analyzed by the highest of the Pathological society and again pronounced to be cancer."—London Daily Mail.

## FET DOGS ARE TATTOOED.

A decidedly novel occupation which has of late been noticed is that of tattooing the names of their owners upon dogs and cats. The operation has appeared in northwest Baltimore a young man who is engaged in that pursuit, and during the time he remained here a good business. Among the dogs which underwent the operation is a pretty little fox terrier belonging to Charles F. Womn, which rejoices in the name of Boote, and a fine-bred bull dog named "The Duke of the Chesapeake" belonging company. Both animals bear upon their breasts, where the hair grows thinnest, the names of their respective owners.

Contrary to the opinion of some that the operation is a cruel, painful one, those who have seen it performed declare that animals apparently experience very little pain. The operation lasts about fifteen minutes. The animal is usually held by two men, one having hold of the hind legs while the other holds the front paws. With a set of forceps the operator then goes to work, deftly pricking the letters in the skin, just deep enough to draw a few drops of blood. Then he pours the ink in, and the operation is over. In a few weeks the sores are completely healed and the animal bears during the remainder of its existence no noticeable mark of the operation. The price of the operation is 50 cents—Baltimore American.

## A WEALTHY BEGGAR.

The "Millionaire Beggar" is the sobriquet given to Solomon Golden, alias Morris Herman, a Russian Jew in jail here. He was caught in this city while engaged in trying out a systematic begging scheme which extended the country over, and is unique in the history of mendicants.

Golden solicited funds from Hebrews. He has visited San Francisco, Denver, Memphis, New Orleans and a dozen of the other larger cities of the West, and in each case has cleaned up several hundred dollars. The Bloomington police found on his person a bank book of a Baltimore (Md.) institution, showing deposits of several thousand dollars, and also a package of receipts from express companies, issued at various cities he visited, all showing that money was consigned to the bank.

Golden claims to be 22 years old, but looks much older. He pleaded guilty to the charge, and was given six months as jail as a vagrant and fined \$100.

Golden's first move upon visiting a city was to copy the names of every Jew from the directory, and he would then visit each in turn, soliciting aid. He usually spent three days in a city, and averaged \$100 in each. All donations other than those converted into money. Golden started in San Francisco and worked East. Knowing the characteristics of the Hebrew race, he was able to make a good impression. Golden's success was phenomenal. It is estimated he has cleaned up \$25,000 by begging.—Bloomington (Ill.) Correspondence Chicago Tribune.

Z. C. M. I. Military Dept. will give 20 per cent discount this week.

# CHURCH NEWS.

The High Council of the Salt Lake Stake will convene in regular session in the office of the presidency of the Salt Lake Stake, Salt Lake City, on Wednesday, Dec. 4, 1901, at 7:30 p. m.

The regular monthly meeting of the First ward of the Salt Lake Stake will convene in the Assembly Hall, Salt Lake City, on Friday, Dec. 6, 1901, at 7 p. m.
